

# Year 1 Weekly Bulletin

September 25<sup>th</sup> 2020

**Croeso Welcome to Year 1**

## **What we have been doing**

We have continued number bonds of ten work, making groups of five to practise counting in fives and learning double facts to 20.

We found an enormous spider which sparked wonder and curiosity amongst the children. The children thought of lots of different questions and we found the answers using a factbook we have in school.

We started our daily guided reading carousel and the children are learning to complete different reading activities in their groups.

## **Forest School**

We had our second forest school session. Next week on Tuesday the 22<sup>nd</sup> it will be the turn of the **Whizz Kids** to visit the Forest School.

Thank you everyone for remembering our PE kits on Tuesday.

## **Reading books**

Reading books have been sent home. Please return once they have been read and you feel that your child is ready to move on. We will not be listening to children read the returned book due to safety reasons. Children will be given new books during the week.

## **Letters and Sounds**

Letters and sound is a phonic programme that we have started to use in school. We will be sending sounds and words based on the children's next steps. We will also be sending high frequency words.

## **Learning coming home**

We will start to put any work the pupils have completed as part of independent learning into quarantine.

## **Home Learning**

Home learning is posted on Seesaw this is based on our inquiry about spiders. Please see us if you cannot access Seesaw. It is really important that everyone can access learning through the platform.

**Have a great weekend!**

**Mrs Maidment**

**Miss Fitchie**
