

Year 5 Bulletin

September 11th 2020

Croeso

Welcome to Year 5

At the end of our second week back at school we hope everyone is settling into our new routines and arrangements. Thank you for your ongoing support in helping us to keep our school community safe. We are really looking forward to the exciting year ahead. This is some general information about Year 5.

*Please remember to make sure pupils have a waterproof coat with them every day.

*A little reminder that our allocated PE sessions are Monday and Thursday. Please send your children to school dressed in their PE kits and waterproofs if rain is due that day.

*Homework and spellings will be sent out on Friday 18th of September and every Friday thereafter via Google Classroom. There will be either Maths or English homework set once a week and work in other subjects may be set when applicable. Spellings will be tested the following Friday. Please submit homework by the following Wednesday, via Google Classroom.

*Guided reading will take place weekly with a teacher to check comprehension, inference and deduction and to stimulate discussion.

*We are also asking that only one adult for each family enters the school premises at pick-up time to help ease congestion around the grounds. As you can appreciate the less people we have moving around the school at this already busy time, the safer it is for everyone.

*Appointments to see any of the teachers should be made via the school office. Thank you...

Have a lovely weekend,

Mrs Carr Mrs Heald
